

MNC Energy Investments & KPP MINING Enter Production Phase with 1st Digging Ceremony

Jakarta, January 7, 2026 – PT MNC Energy Investments Tbk (IDX: IATA) today officially commenced mining operations through its 1st Digging Ceremony, following the execution of the Mining Contractor Agreement signed in late December 2025 between IATA’s subsidiary, PT Arthaco Prima Energy (APE), and mining contractor PT Kalimantan Prima Persada (KPP MINING), a business unit of United Tractors (IDX: UNTR) and part of the Astra Group.

With a contract value of approximately Rp5 trillion and a five-year cooperation period effective from January 2026, this coal mining services agreement serves as a strategic pillar in strengthening IATA’s production capacity and operational capabilities within APE’s Production Operation Mining Business License (IUP-OP) area in Musi Banyuasin Regency, South Sumatra.

The 1st Digging Ceremony represents a key milestone in accelerating IATA’s coal production, supporting an initial production target of approximately 3 million metric tons (MT) in 2026, with medium-term upside potential of up to 7 million MT per annum as operational scale continues to expand.

President Director of MNC Energy Investments, Suryo Eko Hadianto, emphasized that the strategic partnership with KPP MINING reinforces IATA’s technical fundamentals and operational excellence, while setting the stage for significant production growth in the years ahead.

“

Today’s 1st Digging Ceremony underscores IATA’s commitment, together with KPP MINING, to realize ambitious production targets while delivering sustainable value creation for all stakeholders .

”

– Suryo Eko Hadianto, President Director of IATA–
